

March 7, 2021

Sylvia's Children has been blessed by Veronika B. as she assembled a team and some kind friends of hers who have stepped up to establish a GoFundMe campaign to help create a Model Farm at the Mbirizi Advanced Primary and Day Care School for our students. I ask you to please take a look below at the new farm we are striving toward.

Sylvia's Children Model Farm

Sylvia's Children is a non-profit organization, centered upon improving the lives of orphans and students, living and learning at the Mbirizi Advanced Primary and Day Care school in Uganda, Africa. The school is a vital part of the community, as it is the one place where over 1,000 children are constantly progressing their education, in academics and agriculture. Since 2003, Sylvia's Children has abundantly developed the school's construction and agricultural learning centers, for the benefit of the

students. Chicken coops housing over 20,000 chickens to sell eggs, a pig farm, and an orchard of mango trees have all been implemented. A library, classroom blocks, latrines, solar lights, and health care services have also been installed. Now, with hopes of generating additional revenue, Sylvia's Children needs YOUR help to build a model farm. Not only would this be a place where student would be taught, but it would also serve as a tourist attraction, where the proceeds would benefit the students and school.

The model farm will be built to house 2 cows, 5 goats, and 50 rabbits all in an effort to make a difference in the many lives of the community. The organization has always been greatly appreciative with a donation of any size. Please take a moment to see some photos of the work Sylvia's Children has completed at their [website](#).

DONATE

Let me tell you about some of the accomplishments of Veronika B. who is presently in high school. She is on the Varsity Girls' Tennis Team, is Vice President of her chapter of the National Honor Society, is the Secretary for a high school charitable organization, is an Ambassador for the school, and is on the Academic Team, as well.

Two of Veronika's teammates are Ema P. and Naysa Z. and they are equally successful high school students. Ema is a member of her school's Ambassador Club, is a Club Officer of the Statistics & Physics Club, plays field hockey and teaches religious education. While Naysa is a member of her school's Varsity Track & Field Team and is in the Ceramics Club. Thanks to you all for your great support.

Please DONATE today if you can
