Sylvia's Children Makes GreatNonprofits List Again

Sylvia's Children is a 501(c)3 organization celebrating almost 20 years in existence since June 2003. Their work consists of supporting all of the children and orphans at the Mbirizi Advanced Primary and Daycare School in Uganda Africa, as well as the orphans that continue on to high school and college. Over the last 20 years, the school has grown dramatically and currently has 1002 children in primary school, 87 in high school, 57 in college and 66 that have already graduated from college (teachers, nurses, beauty operators, etc.).

GreatNonprofits is a 501(c)3 registered non-profit organization based in the United States consisting of a website where donors, volunteers, and clients are invited to review and share their personal experiences with charitable organizations, essentially providing crowdsourced information about the reputability of these organizations.

Sylvia Allen, Executive Director and Founder, says "I am thrilled with the quality of the reviews we have received." Following are some of the comments:

"I went with Sylvia on her November 2019, trip and was totally awed by the whole experience. I have never seen a school so well run, children so well behaved, and teachers so well prepared."

"She uses 100% of donations to support the children's education, healthcare, and future, build infrastructure, purchase farm animals among many projects and has changed lives! A worthy charity indeed!"

"I was blown away by the children who put on dramas, concerts, and a debate for us. Clearly, they are encouraged to make the most of their talents and are receiving a quality education."

To see all the reviews go to [GreatNonprofits website](#). For more information about Sylvia's Children visit the [website](#) or send an email to Sylvia@sylviaschildren.org or call 732-946-2711.

Message from Sylvia:

Thanks to ALL of you for your kind words. We made the GreatNonprofits list for the fourth time!

With sincere gratitude,
