"Find a need and fill it, find a problem and solve it, find a hurt and heal it"

Dr. Robert Schuller

Dr. Schuller was a "Power of Positive Thinking" person! Certainly he was a student of [Dr. Norman Vincent Peale](#) who was the author of books on the power of positive thinking. Schuller built the [Crystal Cathedral](#) in California and had thousands of people watching him every Sunday, following him, believing in him and supporting his positive attitude toward life. There are sincerely thousands of positive thinking quotes that are attributed to Dr. Schuller.

My favorite is the one listed above. It is simple, to the point and practical. It was and still is a great mantra for [Sylvia's Children](#). When people ask me "Why did you start Sylvia's Children?" the answer is simple--I would quote Dr. Schuller's statement above. To be honest, this applies to anything in your life ... everything from planting a garden to raising your children to running the marathon. And, it is so easy! This could be a mission statement, a corporate philosophy, a plan of action, a strategy ... how do YOU want to use it?

**FIND A NEED AND FILL IT, FIND A PROBLEM AND SOLVE IT,
FIND A HURT AND HEAL IT.**
